Sociolinguistics - Wikipedia
Linguistic Anthropology: A Brief History of Sociolinguistics. During the nineteenth century, the social aspects of language were first studied under the guise of "linguistic anthropology." In the 1930s, it was a popular field amongst Indian and Japanese linguists, as well as by the Swiss Louis Gauchat in the early 1900s.

An Introduction Sociolinguistics and its Importance in ...
Sociolinguistics is the study of the connection between language and society and the way people use language in different social situations. It asks the question, "How does language affect the social nature of human beings, and how does social interaction shape language?" It ranges greatly in depth and detail, from the study of dialects across ...
